OFFICE PRICES.—Mr. J. S. Chapin, of this city, who is on his way to Pike's Peak, sends us the following extract from a St. Joseph (Mo.) paper:

"The emigration to the mines is steadily increasing, and many of those who are now roaming, displayed their good judgment by waiting until they arrived here before purchasing their outfit. The stock market has been active for several days past, but no material change is noticeable in prices. Good mules bring from eighty to one hundred and twenty-five dollars, while inferior ones sell much lower. Horses bring all the way from fifty to one hundred and twenty-five dollars, and ponies sell at from thirty to sixty dollars, owing to quality and condition. Oxen sell from forty to ninety dollars, per yoke, and such as are best suited for the trip can be purchased in any number for about sixty dollars. Wagoners here are abundant, and as cheap as at any other place in the country, and of the very best quality. In regard to other necessities for an outfit, we have only to say, that all who have purchased here, agree that this is the cheapest and best place in the whole country for outfitting, and those who bring their outfits with them agree that they did not wait until they arrived here before buying, a single article they required for the trip.

To this Mr. Chapin adds the following: "The above extract is a fair exhibit of the market. Every thing but tea and flour can be bought cheaper here than at home or in Chicago. India-rubber goods are about 20 per cent lower here than in the latter place, and every one coming this way had better buy their outfit here. The Missouri river is very low, but maintains its reputation for speed. This country is suffering immensely from drought and prospects are poor for coming crops. The whole country is probably lower all around for Pike's Peak."

Flu.—During the storm yesterday the house of Mr. J. Lowder, situated about two miles up the river on the west side, was burned, leaving with most of its contents. The fire came from some sparks which were blown from the kitchen stove upon a feather bed, which was lying on the piazza. Such was the fury of the gale that it was with much difficulty that outcrops and houses were saved. The loss of Mr. Lowder is about \$1,200. This includes nearly all of the wearing apparel as well as the furniture belonging to the family. It is truly a serious misfortune to him.

Tim. Cavers.—We understand that the division of this county for taking the census is as follows: District 1, including the following appointments have been made: *Jan. 1.*—A. A. Rogers, *Feb. 1.*—A. A. Rogers, *Mar. 1.*—J. M. Haslam, *Apr. 1.*—H. W. Taylor, *May 1.*—H. W. Taylor, *June 1.*—H. W. Taylor.

Water Wreck.—The regular meeting of Water Works Engine Co. No. 2 will be postponed until Monday evening, May 7, at which a punctual attendance is requested.

C. P. KING, Foreman, G. D. Wimmer, Clerk.

Edge.—The rain of yesterday has much improved the appearance of vegetation. But we are not to realize permanent benefit from it. The earth was wet by its rain to three inches deep, while the ground surface, in many places, fully to the depth of two feet.

Amusement.—On Friday last Dan Howard, the celebrated teacher of penmanship, formerly of this city, was arrested in Racine, for an assault and battery, committed upon a teacher of penmanship in Ball's Commercial college of that city, and fined \$3 and costs.

A Lost Easter.—A dog belonging to Mr. Geo. Fellows of Racine, in attempting to catch a rabbit, got his head fast under a root and remained there seventeen days without food or drink. When he left home he was quite fat, but when found was a mere skeleton, scarcely able to walk. That dog deserves a reward.

Riveway.—On Wednesday, the 24 inst., while Mrs. W. B. Strong and her sister were riding out, the horse took fright and ran away, throwing them both from the buggy. Mrs. Strong was severely injured, but is slowly recovering. Her sister, Miss Moore, escaped without injury.

The Market.—New York, May 1. Flour less active and weaker; 5,500,000 common to medium extra western; Canadian flour not quite so active; sales 650 bbls. 5,000,000. Rye flour steady, 3,500,000. Wheat dull and in favor of the buyer, sales 1,000 bushels 1,200,000. Corn market dull and depressing, sales 10,000 bushels 1,200,000. Canadian and Indiana, 1,200 bushels 1,200,000. Barley dull and heavy, sales 2,500 bushels 70 cents. Oats, 10,000 bushels 19 cents. Oats, 10,000 bushels 19 cents. Oats, 10,000 bushels 19 cents.

The Great Wisconsin.—We looked in at the Great Wisconsin to-day. It is progressing as rapidly as its best friends could desire. The roof has been entirely finished, as well as the fronts on both stories, which are now being painted. The towers on the west front are nearly finished.

Within we are glad to notice that the numerous galleries, which we believed before were entirely new, have been put beyond any suspicion of delirium by an added double row of stout posts. The two committee rooms are plastered and well lighted, and are excellent and serviceable adjuncts to the great building.

It will be in entire readiness by the middle of next week. It is an undertaking of which our entire city may well be proud, and we are glad to notice it is so accepted by all parties. It will speak volumes in the half of "the white things are done" in the metropolis of the northwest.—Chicago Tri-Lune.

LIFE INSURANCE.—Those desiring this safest and cheapest protection for their families, can secure it in any Wisconsin company. It has already become, in reality, a state institution, having agents and patrons among the best business men in all the principal towns in the state. It is no longer a matter of doubt that life insurance can be conducted as well in Wisconsin as in Connecticut or any other eastern state.

Thus while daily demands that men should insure their lives, it also demands that they should keep their money for investment at home. Confident that our success has been more than equal to that of the most "improved" world, we would cordially invite all our citizens to call at the office, south-west corner of Main and Wisconsin streets, and examine for themselves.

S. S. DAGGETT, Pres't. A. W. KELLIGER, Sec'y.

MESSRS. PEXLEY & HARLOW, produce dealers, and Capt. Geo. S. Dodge will receive applications for insurance in this home company, and will also be happy to give information as to the condition thereof, to any one desirous of being informed, in Janesville, April 13th.

COMMERCIAL.

Janesville Wholesale Market.

Reported for the Janesville Gazette, by

BUMP & GRAY, GRAIN AND PRODUCE DEALERS.

JANESVILLE, MAY 3, 1890.

The wheat market, owing to a light supply, was decidedly firmer today, and was not so high as for milling spring, and 16 1/2 c. for milling. Receipts were about 1,200 bushels, which sold at 16 1/2 c. for choice to mill, and 1,000,000 to warehouse—closing steady. Barley is slightly firmer; sale of two or three loads of choice at 57 1/2 c. and some fair at 56 1/2 c. per 60 lbs. The range is from 45 to 55 c. for common to prime tier. No change in the produce.

We make up prices as follows:

WHEAT—white winter 16 1/2 c.; good to choice milling spring at 15 1/2 c.; common to fair shipping, 15 1/2 c.

BARLEY—in good request at 45 1/2 c. per 60 lbs., fair to choice.

QUIN—shelled, per 60 lbs., 42 1/2 c.; per 70 lbs., 43 1/2 c.

OATS—advanced 6 1/2 c. per bushel.

RYE—available at 60 1/2 c. per 60 lbs. None coming forward.

POTATOES—plenty at 25 1/2 c. per bushel for good to choice ones.

TURNIP SEED—scarce and in demand at 22 1/2 c. per 40 lbs.

BUTTER—plenty at 14 1/2 c.

Eggs—100 half dozen at 70 c. per dozen.

HIDES—green, 50 c.; dry, 12 1/2 c.

Flour—spring at retail, 2 1/2 c. winter, 2 1/2 c.

POULTRY—chickens, 60 c.; turkeys, 75 c.

Chicago Market.

Thursday Evening, May 3.

Wheat better. Flour firmer. Oats quiet and steady. Turkey quiet. Highways steady at 15. Scales scarce.

A Power Press For Sale.
We have for sale a POWER PRESS, which will be sold at a low price. Where it can be made serviceable, a first rate bargain can be effected.

OUTFIT PRICES.—Mr. J. S. Chapin, of this city, who is on his way to Pike's Peak, sends us the following extract from a St. Joseph (Mo.) paper:

"The emigration to the mines is steadily increasing, and many of those who are now coming, displayed their good judgment by waiting until they arrived before purchasing their outfits. The stock market has been active for several days past, but no material change is noticeable in prices. Good outfitting from eighty to one hundred and twenty-five dollars, while inferior ones sell much lower. Horses bring all the way from fifty to one hundred and twenty-five dollars, and ponies sell at from thirty to sixty dollars, owing to quality and condition. Oxen sell from forty to ninety dollars per yoke, and such as are best suited for the trip can be purchased in any number for about sixty dollars. Wagons here are abundant, and as cheap as at any other place in the country, and of the very best quality. In regard to other necessities for an outfit, we have only to say, that all who have purchased here agree that this is the cheapest and best point in the whole country for outfitting, and those who bring their outfits with them regret that they did not wait until they arrived here before buying a single article they required for the trip."

To this Mr. Chapin adds the following: "The above extract is a fair exhibit of this market. Every thing but tea and flour can be bought cheaper here than at home or in Chicago. Indian-rubber goods are about 20 per cent lower here than in the latter place, and every one coming this way had better buy their outfit here. The Missouri river is very low, but maintains its reputation for speed. This country is suffering immensely from drought and prospects are poor for coming crops. The whole country is perfectly loose, all bound for Pike's Peak."

Fine.—During the storm yesterday the house of Mr. — Lower, situated about two miles up the river on the west side, was burned, together with most of its contents. The fire caught from some sparks which were blown from the kitchen stove upon a feather bed, which was lying on the piazza. Such was the fury of the gale that it was with much difficulty that outhouses and fences were saved. The loss of Mr. Lower is about \$1,200. This includes nearly all of the wearing apparel as well as the furniture belonging to the family. It is truly a great misfortune to them.

THE CENSUS.—We understand that the division of this county for taking the census is into assembly districts, and that the following appointments have been made: Janesville—Anson Rogers. Black—Abram Parker. Bloch—J. M. Haselton. Harmony—Hiram Taylor. Fulton—Schuyler Fasset.

WATER WITCH.—The regular meeting of Water Witch Engine Co. No. 2 will be postponed until Monday evening, May 7, at which a punctual attendance is requested. C. P. KING, Foreman. G. O. WRIGHT, Clerk.

THE RAIN OF YESTERDAY has much improved the appearance of vegetation. But we need more to realize permanent benefit from it. The earth was wet by this rain two or three inches deep, while the ground was dry, in many places, fully to the depth of two feet.

ARRESTED.—On Friday last Dan Howard, the celebrated teacher of penmanship, formerly of this city, was arrested in Racine, for an assault and battery, committed upon a teacher of penmanship in Bull's Commercial college of that city, and fined \$3 and costs.

A LOSE FAST.—A dog belonging to Mr. Geo. Fellows of Center, in attempting to catch a rabbit, got his head fast under a root and remained there seventeen days without food or drink. When he left home he was quite fat, but when found was a mere skeleton, scarcely able to walk. That dog deserves registering.

RUNAWAY.—On Wednesday, the 2d inst., while Mrs. W. B. Strong and her sister were riding out, the horse took fright and ran away, throwing them both from the buggy. Mrs. Strong was severely injured, but is slowly recovering. Her sister, Miss Moore, escaped without injury.

THE MARKET. New York, May 4. Flour less active and scarcely so firm. 5,454,555 bushels; 5,000,000 common to medium extra western; Canadian flour not quite so active, sales 650 bushels, 5,000,000. Rice barely steady, 3,504,175. Wheat sold in favor of the buyer, sales 21,000 bushels, 1,291,32 Milwaukee club, 1.31 Racine; 1.20 white Canadian and Indiana. Rye firm 80. Barley sold and heavy, sales 2,500 bushels, 70 state. Corn market dull and drooping, sales 10,000 bushels, 79 abate mixed western; 81a82 Jersey yellow. Oats plenty and lower, 41a42.

THE GREAT WIGWAG.—We looked in at the Great Wigwag yesterday. It is progressing as rapidly as its best friends could desire. The roof has been entirely finished, as well as the fronts on both streets, which are now being painted. The towers on the west front are nearly finished.

Within we are glad to notice that the immense galleries, which we believed before were entirely new, have been put beyond all suspicion of delubry by an added double row of stonit posts. The two corner rooms are plastered and well lighted, and make excellent and serviceable adjuncts to the great building.

It will be in entire readiness by the middle of next week. It is an undertaking of which our entire city may well be proud, and we are glad to notice it is so accepted by all parties. It will speak volumes in behalf of "the way things are done" in the metropolis of the northwest.—Chicago Tri. Una.

One hundred guns were fired on the battery at Savannah, Georgia, in honor of the withdrawal of the southern states from the convention.

LIFE INSURANCE.—Those desiring this safest and cheapest protection for their families, can secure it in our Wisconsin company. It has already become, in reality, a state institution, having agents and patrons among the best business men in all the principal towns in the state. It is no longer a matter of doubt that life insurance can be conducted as well in Wisconsin as in Connecticut or any other eastern state.

Thus while it demands that men should insure their lives, it also demands that they should keep their money for investment at home. Confident that our success has been more than equal to that of the most "unprecedented," we would cordially invite all our citizens to call at the office, south-west corner of Main and Wisconsin streets, and examine for themselves.

S. S. DAGGETT, Pres't.
A. W. KELLOR, Sec'y.

Messrs. Pilsley & Harlow, produce dealers, and Capt. Geo. S. Dodge will receive applications for insurance in this home company, and will also be happy to give information as to the condition thereof, to any one desirous of being informed, in Janesville.

This certifies that having used in my various years, D. P. Farman's patent improved water raising water, I rate pleasure in saying that I have used the same for several years, and have drawn from deep wells, that I have ever been acquainted and have no hesitation in recommending this device to all who are in need of it.

JOHN A. FARMAN,
Johnstown, Pa., 1890.

D. P. FARMAN.—Sir—I have used your raising water, in my well for nearly three years from my experience in its use, as I have had steady water since the time that I have used the device in my well. I would say that, in my opinion, for convenience and profit it is the best device I have ever used.

EDWARD T. HARRIS,
P. S. I have averaged from 50 to 90 barrels per hour.

Johnstown, Jan. 15th, 1890.

M. D. P. FARMAN.—Dear Sir—I have a good water raising, I think, a full and fair trial, and would say that I am satisfied that it is the best device I have ever used, and I would say that I have used it for twice or thrice their cost. I am content that I can save time enough every twelve hours to pay for the common water raising buckets in use. Yours truly,

STEPHEN N. HARRIS,
Johnstown, Feb. 2d, 1890.

D. P. FARMAN.—Sir—Having used your water raising device for several years, I can say that I have no hesitation in recommending it to all who are in need of it.

that I have given it a fair trial, both in cold and warm weather. I am unhesitatingly in favor of it, and doubt if I could find any other that would most cheerfully recommend it to the use of the most of the great improvements of the age.

Mr. D. P. FARMAN:—Sir,—I have used your first straining water, for the last two years, and perfected, as well satisfied with their operation, as I could desire. I have used it in cold and rapidly of drawing water, from deep wells, most cheerfully recommend them to the public.

JOHNSTOWN, Feb. 1, 1850.

Mr. D. P. FARMAN:—Sir,—I have used your drawing water ever since you first introduced the public, and your hot devices, which I must confess, I greatly prefer. I have never used any other, is really ahead of anything I ever saw, as hardly be willing to part with them at any price.

JOHNSTOWN, Feb. 4th, 1850.

Mr. D. P. FARMAN:—Sir,—I have used your taps and linkers for raising water some three or four years, and so satisfied with their operation, as to recommend them untravially by any device, and the longer I use them the more

whole stock, and some five families use my
twin water for their use. H. L.

D. P. FAENHMAN, Esq.—Dear Sirs—This
we have seen the want of. It is a
improved bucket for drawing water, and
hesitation in recommending them as
the useful invention and a great improvement
means that we are acquainted with dra-
from deep wells. WRIGHT S.

D. P. FAENHMAN—Dear Sirs—Having tested
its of your revolving buckets in my well for
years, I know them to be the most perfect
I have ever seen. Yours, JOHN S.

This may certify that I have used Farnham's raiser in my well for nearly three years, and, as you be the best apparatus that I have ever seen for raising water from wells. WALTER NICHOLSON.

D. P. FARNHAM, Esq.,—Dear Sir:—I have method of raising water in my wells, varying from 20 to 40 feet, and it's ease of operation, with which it raises water, its durability, at entirely and freezable, render it the most delicate of the kind which has ever come before this, and can cheerfully recommend it to the public.

EYE AND EAR

Dr. F. A. CADWELL, the skillful operator on the Eye and Ear, has attained high rank in his profession by removing obstructions from these delicate organs that have hitherto been unreachable, has taken up his residence permanently in Chicago, and has just published the *fifth* edition of

Treatise on the Eye and Ear

This work contains nearly 500 pages, embracing a variety of disease which the eye and ear are afflicted throughout with numerous engravings from the last year, Dr. Cadwell's residence in Chicago, and from the limited data have paid his hands and feet, and furnished with the most complete in the United States.

been established beyond dispute. Certified cases reported in his treatise, from residences which testify in the strongest terms of gratitude for the cures effected, added to the names of numerous distinguished persons, as well as of several of the most skeptical and incredulous, who regard and hearing as indispensable to comfort. Several portraits of persons who have succeeded to dangerous and difficult operations will also be seen, and descriptions read with interest in this treatise.

Each book contains *hand grats*, on application of any paper containing this advert will be forwarded by mail by enclosing ten postage on it. Jan242
